**Important terms & definitions:**

**Service Availability Charge** recovers the cost of billing, metering, collections, customer service, and enterprise costs. This fixed monthly charge does not vary based on kilowatt-hour (kWh) use.

**Delivery Charge** (\$ per kWh use) recovers the cost of the distribution infrastructure that delivers electricity to your home.

**Peak Demand Charge** (\$ per kW use) recovers the cost of the distribution infrastructure that delivers electricity to your location.

**TCOS Pass-Through Charge** recovers the cost incurred by PEC for the use of the ERCOT transmission system. These costs are set by the Public Utility Commission and passed-through to our members without additional charges.

**Franchise Fee** is mandated by city ordinance for use of streets or public ways. PEC is required by the city to collect the fee from members within city limits and then remit all fees to the city.

**Base Power Cost** (\$ per kWh use) recovers the cost of electricity from our power suppliers and associated charges from ERCOT. These costs are passed through to members with no added charges.
