

CAMP CRAFT: Ants on a Log

This week at Camp Save-a-Watt, we'll be learning how to make yummy snacks, without using any electricity. Complete the activity below and make up your own snack recipes that don't require electricity.

Supplies needed:

- Celery
- Peanut butter or your favorite food spread
- Raisins
- Plastic knife

1

Open the jar of peanut butter or your favorite food spread. Using a plastic knife, take a large amount and spread over the inside of the celery stalk.

2

Open the box of raisins and place as many raisins or "ants" as you'd like on the peanut butter or spread of your choice.

3

Enjoy your delicious snack!
